

Chasetown Civil Engineering Ltd
St Patricks House
Church Street
Chasetown
WS73QL

For the Attention of the Occupier,

IMPORTANT NOTICE - TEMPORARY ROAD CLOSURE

We would like to inform you that Chasetown Civil Engineering Ltd will be undertaking carriageway, utility and road realignment works on behalf of Vistry Group at the entrance to the Walton Bypass development, located on Main Street, Walton upon Trent.

To complete these works safely and efficiently, a temporary closure of Drakelow Road, directly outside the site, will be required for approximately seven weeks, from 16 February to 03 April 2026. A signed diversion route will be in place for the duration of the works (as shown overleaf), and every effort will be made to minimise disruption.

We will be holding a public information session at the Walton-on-Trent Parish Hall on Wednesday 11 February, between 3:00pm and 7:00pm, where you are welcome to attend and ask any questions regarding the road closure or the scheme.

We acknowledge that these works will cause disruption and would like to thank residents for their continued cooperation and support in accommodating the construction of this essential bridge and bypass scheme, which will deliver long-term improvements to the area.

Should you have any queries or require further information, please do not hesitate to contact the office or the undersigned.

Thank you.
